4000 " Horizontalis, strong 1-yr.sdlgs.	10.00	90.00

Cotoneaster Praecox. This is one of the hardiest Cotoneasters which went through 20 degrees below zero without any harm. It has large berries like cranberries which color up in the middle of August and remain on until very late Fall. It grows rather flat and makes an ideal plant to combine with foundation plantings, especially with ranch-type houses.

5000 - 1-yr.sdlgs., 3-6"	15.00	125.00
